

Make It Pop, Do You Know My Name?

Yeah yeah
Ohhh ohh
Yeah yeah ohh
Remember when we first met, that moment
I looked at you and I knew that this was it oh oh
I know you saw right through me, and clearly
We felt something that words could not describe
We both saw the signs

The way you'd talk to me, talk to me, and take a walk with me
I'd been waiting for this for so long, yeah, yeah
The way you held me, and told me, one more dance maybe
Remember how I felt it oh so strong, I could not believe it

I will be here, right by your side
All I can do, is watch over you oh
I don't if you feel the same
Still I'm wondering now
Baby do you know my name

Now a days you pass me (pass me), on my street (my street)
but you don't realize I'm watching you
I'm not getting through
How can I get to tell you (tell you), show you (show you), I still love you
How can I make you make you see
You should be sorry

Ohhhhh ohh

Wish you could talk to me talk to me, take a walk with me
Throw a dime into a wishing well
Oh baby
You gotta hear me, believe in me, you're what I need baby
Boy i adore you, is it so hard to tell, I know so well that we belong together

You were right there, right by my side
you were sweet and so true, was crushin' on you, oh
We had it all, what can I say
but it's all over now
boy you don't even know my name

Ooh yeah
baby can you see it, the starry sky is above you, I just wanna hold you,
and take you on a ride
Ooh yeah
wish that you could feel it, I got this feeling inside me, I'm going crazy
you make me wanna fly

You were right there,(right there) right by my side(my side)
you were sweet and so true(So true) was crushin' on you,(Crushin' on you) oh
We had it all(we had it all), what can I say(what can i say)
but it's all over now
you don't even know my name

I will be here, right by your side
All I can do, is watch over you
I don't if you feel the same
Still I'm wondering now
Baby do you know my name
