

# Make It Pop, Music All I Got

Down, feel the beat of the tick tock clock  
It's counting down

Jodi  
Let the hands of time just take you  
Make you lose yourself

Corki  
When it's the beat and you  
I don't need nothing else  
I'm the rhythm to your melody

All  
Eh eh eh eh eh eh  
Eh eh eh eh eh eh  
We just need a beat  
We just we just need a beat  
Say eh eh eh eh eh  
Eh eh eh eh eh eh eh  
We just need a beat  
We just we just need a beat  
We don't need nothing else, nothing else  
Don't need nothing but beat  
Don't need nothing else, nothing else  
This music's all I got and I'm giving it to you  
(This music's all I got) (This music's all I got)  
This music's all I got and I'm giving it to you

Sun HI  
Ow at the speed of light the sounds are slowing down

Jodi  
Traveling through space our time is running out

Corki  
Let the music take control of you right here and now yea

All  
Let's get it now, eh eh eh  
Eh eh eh eh eh eh eh eh eh  
We just need a beat
