

Make It Pop, The Rules

Sun Hi

Why'd you think you've got to be better?

(Who said)

Who said That you need to go and change?

Jodi

Can't you find a tighter sweater?

Well, we say come with us and learn the game

All

Don't listen, don't you listen

Come with us we're on a mission

You should be yourself and glisten now

There's a way you should be talking

Follow us the way we're walking

If you want that cute boy callin' you

Don't listen to a word they're saying

We'll be 5-star hotel staying

80 million hits and playing, too

Corki
