

Make Up Your Mind, Back For Good

When I met You, You opened my eyes.
I want to thank You for that.
Maybe it won't work out sometimes.
But I promiss I'll do my best

Because I will do everything to get You back in my heart again.

Because when I go all by myself
I know I won't stand any chance.
Maybe it won't work out sometimes.
But I promiss I'll do my best.
