

Makle Kfuckle, (L.M.A.)

Get out of my world
Get out of my life
Someone killed my family
Someone raped my proud

Ref. Leave me alone

Get out of my world
Get out of my life
Someone killed my family
Someone raped my proud

A yo I'm fed up
Got no money, got no ice
But you just wait up
Ain't got shit to do but rule
A blunt up and blaze up
And fuck the world I don't give
A shit and I don't care
Cause life's a nasty bitch and
Even though I want my share

Ref. Leave me alone
They killed my family
