

Makowiecki Band, Bullet In My Back

I've got a bullet in my back
You're tried to kill me, just did
Don't cry my baby daddy'll sleep it's to late
to show you all you need
Ohh it's such a shame
Now it's getting late
It's tme to go
Only myself I'm leaving today
Such a shame It's time to know
It's only a game
I'm going away Such a shame
Maybe you loved me
Maybe not I was just joking starting war
You'll never forget me now I know
Living in prison that's your choice
Ohh it's such a shame
And now it's getting late
It's time to go
Only yourself You're leaving today
Such a shame It's time to know
The end of the game
You've lost it today
Such a shame
