

# Malcolm Middleton, Fuck It, I Love You

There's a box full of showergels  
I've left around the world  
In the toilets and bathrooms I've been  
Chips of my youth fallen off along the way  
It's been a long time falling down

Fuck it I love you, there you go  
Three little words on a mobile phone  
When are you coming home?  
When are you coming home?  
Don't wanna be alone

Been careless with my friends  
Even harder on myself  
There's a few stars in the sky I've killed  
Pieces of my heart broken off along the way  
It's been a long time falling down

Fuck it I love you, there you go  
Three little words on a mobile phone  
When are you coming home?  
When are you coming home?  
Don't wanna be alone

I'm pretending I'm pretending  
That everything's ok  
So many masks I'm wearing on my own face  
I can feel my toes burning from my deeds along the way  
Before you get up you've got to go down

Fuck it I love you, there you go  
Three little words on a mobile phone  
When are you coming home?  
When are you coming home?  
Don't wanna be alone

Getting trounced being beaten at every turn  
I record my mistakes but I never learn  
When are you coming home?  
When are you coming home?  
Don't wanna be alone
