

# Malese Jow, Go Go

In the middle of the crowd  
I just wanna get away  
Oh yeah  
Feeling like I'm gonna drown  
Out of love  
Out of touch  
Gonna throw it all away  
Whatcha lookin' at  
Whatcha gonna do about it  
Take me away  
To a place  
Where we can leave it all behind  
Let's run away  
Fly away  
Let's drive in to the night  
Go  
Let's go faster  
Feeling so electric tonight  
Go  
Make it last 'cause  
Everything about it is right  
Let's get up and  
Go go baby  
Go go  
Go go baby  
Go go  
It's what I need  
Pick up speed  
I'm so alive  
Feel the rush  
When it's us  
There's no turning back  
don't matter where we are  
Jump into the car  
Get lost and drive real far  
Give us rules

We'll break them all  
Forget the past  
It's in the rear-view mirror  
Every second with you  
I'm gonna make you..  
Take me away  
To a place  
Where we can leave it all behind  
Let's run away  
Fly away  
Let's drive in to the night  
Go  
Let's go faster  
Feeling so electric tonight  
Go  
Make it last 'cause  
Everything about it is right  
Let's get up and  
Go go baby  
Go go  
Go go baby  
Go go  
Make it last forever  
Make it last forever  
Get up and go  
Let's go faster  
Feeling so electric tonight

Go  
Make it last 'cause  
Everything about it is right  
Let's get up and  
Go go baby  
Go go  
Go go baby  
Go go
