

# Malevolent Creation, Vision Of Malice

Frustration, twisted point of view  
Suicide, caused by those who follow  
Denial to obey the given rules  
Anarchy, proven ways to start a war

Taking advantage of the weak  
Waiting for time that will not heal  
Incoherence consumes your mind  
Your dreams and nightmares will become alive

Fall to me endlessly  
World in hand, take your land  
Lunatic, blood line black  
Racist pig, you attack

Frustration...  
...start a war

No control, take your soul  
Full of sin, you begin  
to lose your faith in God

Fall to me...  
...you attack

Taking advantage...  
...will become alive.
