

Malfa, Guardian Angel

When I was a child,
I climbed up in a tree,
I lost my balance,
what happened to me?
About sixteen meters,
I felt was down,
but I did not hurt,
in our small town.

The Guardian Angel is over me,
the saviour in danger, I never see.
The Guardian Angel is on my way,
the saviour in danger, day by day.

And during my work,
I'm a hard working man,
I was on a roof,
and lost balance again.
I felt down in a canyon,
but touched no rock,
dived into a river,
I had very much luck.

The Guardian Angel is over me,
the saviour in danger, I never see.
The Guardian Angel is on my way,
the saviour in danger, day by day.

I drove my car,
with very low speed,
because of the fog,
I saw only ten feet.
From the left came a train,
I did not see it,
the train stopped in time,
just a little bit.

The Guardian Angel is over me,
the saviour in danger, I never see.
The Guardian Angel is on my way,
the saviour in danger, day by day.
