Forevermore

Verse 1: We've been here before  
With our hearts confused  
Saying we're out of love  
Left feeling abused  
Can you ever say  
That I never gave you love  
Gave you whatever  
And I did it because

Chorus: I love you  
More than life itself  
And I need you  
Because I can't love no one else  
And whenever  
You cant deal with life anymore  
I'll be here  
Remember forevermore

Verse 2: I was there from the beginning  
And I'll be there in the end  
No matter what you do in life  
To me you will always win  
I always knew inside  
That you were meant for me  
And that comforts me now  
Because we can't be

Chorus

Bridge: Forevermore  
Doesn't mean we'll be together here today  
Forevermore  
Means loving through eternity  
Forevermore  
Is what we will one day achieve  
Forevermore  
Is the day you will belong to me  
Forevermore  
I'll love you forevermore

Chorus
