

# Maliah, I Regret

I Regret

Verse 1: We had an argument  
And decided to split  
Never did I imagine  
That I'd regret it  
Now I know they say  
You shouldn't regret the things you do  
But I can't forget the simple fact  
I'm still in love with you

Chorus: I regret  
The day I let you turn away  
I regret  
That things turned out this way  
I regret  
Saying the things I said  
And I regret  
Doing the things I did  
And the one thing  
That is more than true  
I regret falling in love with you

Verse 2: Woke up this morning  
Broke down in tears  
I loved you so much  
For so many years  
Why am I crying  
Because you're still mine  
Cus you'll be right back  
With me in time

Chorus

Bridge: Why do I waste the time  
Of trying to let go  
(I don't know)  
Should I stay  
Or should I leave  
Because in my heart  
I still believe  
That after all is  
Said and done  
You are still the one  
And when my love comes  
Down to the test  
Baby I'll always regret

Chorus
