

# Maliah, Speacial One

Verse 1: I lay here and think  
About when we met  
At the skatin' rink  
Now I think about you day and night  
Because I think you are my special one  
And I'm always right  
And a day never goes by  
That I don't wonder why  
Why I think you are the one for me  
Maybe you just might be

Chorus: You are my angel (Baby)  
Sent from above  
I have nothing for you  
But love  
You have shown me the light  
Now I think about you everynight  
2x

Verse 2: I peeped you peeping me just the other day  
I was so happy  
Everything was going my way  
So when I got home I called you on the phone  
I wanted to see you  
And I was all alone  
I knew I had to tell you  
Just the way I feel  
Don't be surprised  
Just keep it real

Chorus 2x

Bridge: Since the day we met  
I could never forget  
And I knew from then you were my special one  
And from this day on  
All our games are done  
Now you know the deal  
Baby we can do this  
But you gotta keep it real

Chorus (fade out)
