

Malibu Stacy, Sh Sh

Sh sh sh baby
That's not fair
You knock me back
On my derriere
Cause you said so
You said so

C-c-c candy
Cigarette
Look so cool when your lips are wet
Girl I love you
La la love you

Sh sh sh baby
I can change
I can be strong and I've got rage
But it's still no
Girl you said so

La la la lady
Love is strange
I was so dumb and I can act my age
But you said no
Face it, Bozo

Combing the bad days in your hair
You wash away, there's no one there
Cause you said I'm not doing you right
Combing the bad days in your head
You wash away, there's no one there
Cause you said
I'm not doing you right

Sh sh sh baby
That's not fair
You knock me back
On my derriere
Cause you said so
You said so

C-c-c candy
Cigarette
Look so cool when your lips are wet
Girl I love you
La la love you

Combing the bad days in your hair
You wash away, there's no one there
Cause you said I'm not doing you right
Combing the bad days in your head
You wash away, there's no one there
Cause you said
I'm not doing you right

Combing the bad days in your hair
You wash away, there's no one there
Cause you said I'm not doing you right
Combing the bad days in your head
You wash away, there's no one there
Cause you said
I'm not doing you right
Oh oh, oh oh, oh oh, ...
