

Malice Mizer, Beast Of Blood

Senketsu ni somaro mirai no toki
Hageshiku modaeru honnou

Beast of blood

Place of silence, moving shadows
Crimson eyes are strangely gleaming in the darkness
Madness starting to awake
Playful desire starving of blood
Get down limitless night

Beast of blood

Along with the scream from the death throes
Sharp claws are shining brighter
Dually obscene breaths continues
And rips apart the silence of night
Crossing the uplifted life
Get down limitless night

Beast of blood

Kokuyuu ni karamaru chi no kaori ga koukotsu no yoru ni tadayou
Senketsu ni somaru mirai no toki
Hageshiku modaeru honnou
Kokuyuu ni karamaru chi no kaori ga koukotsu no yoru ni tadayou

Beast of blood

No fear, no sadness
Lofty life is tasting loneliness and eternity
And near by the target with no more life
Red drops on my greedy lips
Falls down on the freezing ground
Get down limitless night

Beast of blood

Spill blood on me... 'till it fills my body

Kokuyuu ni karamaru chi no kaori ga koukotsu no yoru ni tadayou
Senketsu ni somaru mirai no toki
Hageshiku modaeru honnou
Tsumetai kardada ni hotobashiru yokubou o akai chi de uruosu
Kairako no sakebi hibiku yoruni
Surudoku myaku utsu honnou

Kokuyuu ni karamaru chi no kaori ga koukotsu no yoru ni tadayou
Senketsu ni somaru mirai no toki
Hageshiku modaeru honnou

The future dyed in fresh blood... my tortured senses

Beast of blood

Place of silence, moving shadows
Crimson eyes are strangely gleaming in the darkness
Madness starting to awake
Playful desire starving of blood
Get down limitless night

Beast of blood

Along with the scream from the death throes
Sharp claws are shining brighter
Dually obscene breaths continues
And rips apart the silence of the night
Crossing the uplifted night
Get down limitless night

Beast of blood

The scent of blood intertwined around my breath,
Floats about the air on this night of ecstasy
The future dyed in fresh blood... my tortured senses
The scent of blood intertwined around my breath,
floats about the air on this night of ecstasy

Beast of blood

No fear, no sadness
Lofty life is tasting loneliness and eternity
And near by the target with no more life
Red drops on my greedy lips
Falls down on the freezing ground
Get down limitless night

Beast of blood

Spills blood on me 'til it fills my body

The scent of blood intertwined around my breath,
Floats about the air on this night of ecstasy
The future dyed in fresh blood... my tortured senses
The desire gushing out of the cold body is wet with red blood
Screams of desire resound on this night... my senses throb sharply

The scent of blood intertwined around my breath,
Floats about the air on this night of ecstasy
The future dyed in fresh blood... my tortured senses

Beast of blood
