

# MALINSKY, Love Fuel

In this world of hate  
Fear and loneliness around  
We should find ourself  
In this flame of love and light

Between love and hate  
Please don't forget to feel it  
That we belive in love  
And everyone can see it now

So open your heart!  
And light up inside fire!  
It's only our world  
And not let them to be a liar!

Hear the sound From above  
See the light full of hope  
Don't pretend to be cruel  
Love is a life fuel

Tu amor  
Es mio  
Por siempre  
Contigo  
Sonido del amor  
Escucha mi rancor

If you are here with me  
You can step aside me  
Together we are free  
Like mermaids swimming in the sea  
In this world of hate  
We can beat all boundaries  
Give our love to all  
Those who don't belive in this way

Hear the sound From above  
See the light full of hope  
Don't pretend to be cruel  
Love is a life fuel

Tu amor  
Es mio  
Por siempre  
Contigo  
Sonido del amor  
Escucha mi rancor

Hear the sound From above  
See the light full of hope  
Don't pretend to be cruel  
Love is a life fuel

Tu amor  
Es mio  
Por siempre  
Contigo  
Sonido del amor  
Escucha mi rancor
