

Maliq, Cheek to cheek

I know that you are my destiny,
And girl I know that you're feeling the same,
I want you to save the last dance for me,
And then we move and get close to my melody.

[przejscie]

Come on dance with me,
And I'll show u'll be loved,
let your mind be free,
Wish I never had to leave, No

[Crefren]

Now it's you and me, dancing to the rhythm of the night,
Oh, oh, oh, oh, oh, oh
Now, it's you and me,
Make me feel up underneath the sky (underneath the sky)
Oh, oh, oh, oh, oh, oh

You are all I need,
make my heart skip a beat,
As were dancing, dancing cheek to cheek (as we dancing cheek to cheek)
Say you love me, I'd give you all that you need,
its our last chance, dancing cheek to cheek.

Your precious eyes looking Goddess like,
when i go past that, u got me hypnotized
oh its foolish, I knew it, cannot explain
yes it is true, I'm falling in love with you

[Hook]

Come on dance with me,
And I'll show u'll be loved,
let your mind be free,
Wish I never had to leave, No

[refren]

Now it's you and me, dancing to the rhythm of the night,
Oh, oh, oh, oh, oh, oh
Now, it's you and me,
Make me feel up underneath the sky (underneath the sky)
Oh, oh, oh, oh, oh, oh

You are all I need,
make my heart skip a beat,
As were dancing, dancing cheek to cheek (as we dancing cheek to cheek)
Say you love me, I'd give you all that you need,
its our last chance, dancing cheek to cheek

girl i want you,
i dont wanna live without you,
let you're hips move, to the groove, only you and me
its our last chance, we'll melt them in our hands,
never felt so comfortable, or wonderful, with anybody else
Woah Oooh Woah Oooh Woah

[refren]

Now it's you and me, dancing to the rhythm of the night,
Oh, oh, oh, oh, oh, oh
Now, it's you and me,
Make me feel up underneath the sky (underneath the sky)
Oh, oh, oh, oh, oh, oh

You are all I need,
make my heart skip a beat,
As were dancing, dancing cheek to cheek (as we dancing cheek to cheek)
Say you love me, I'd give you all that you need,
its our last chance, dancing cheek to cheek
