

Mammoth WVH, Like A Pastime

You're not who I thought I'd be I'd love to see you try
I'm losing every part of me
It's spreading to your smile

Drowning slowly
Now you're on display Cold and lonely
Right in your own way

Hey
Beat me up like a pastime Hey
Bring me up to the downside Let me down tonight
Say
what you feel on the inside
Say
what you want for the last time
Let me down tonight

There's more than just one end to this
I've known it for awhile
There's more than just one thing to miss
I'll turn my back and smile

Soft and slowly
Tell me what you want I'm through talking
What you running from?
