

# Man, Four Day Louise

Well I told you before, my life is falling into your hands  
And a woman with claws, is something I just can't understand

That woman's  
A freeway  
Without ends,  
Louise

Just a dream  
That's leaving me fevered and chilled  
We're too far apart to ever feel fulfilled

That woman's  
A clearway  
With hard ends,  
Louise

Four day Louise  
Is someone everyone knows  
She's so easy to please  
I believe that everything goes

That woman's  
A freeway  
With hard ends,  
Louise
