

Man Overboard, Something's Weird

Something's weird, I've been running on empty.
Sick since you left me.
It eats me alive like a million diseases.
I'm torn into pieces.

And what could mean the most
I could never express.
I'm such a weak boy,
but I will save you regardless.

Something's weird, from the moment I met you.
It's stupid to let you just slip away.
But it won't happen so easy
I won't let you leave me.

And what could mean the most
I could never express.
I'm such a weak boy,
but I will save you regardless.

Look at us how could we
really be further apart.
I've been dying just to kiss you
and I missed you so much from the start.
I've been trying to pretend
that the problems, they will end?
Look at us how could we
really be further apart.
And it breaks my heart.

I'm at the bottom of your list of things to do
I'll never get through to you.
I'm at the bottom of your list of things to do
I'll never get through to you.

What could mean the most?
(I'm such a weak boy,
but I will save you regardless.)
What could mean the most?
(I'm such a weak boy,
a very weak boy)

I've been trying to pretend
that the problems, they will end?
Would you look at us how could we
really be further apart.

And it breaks my heart.
