

Man, Something Is Happening

Something is happening
Find the reason why
Confusion raise it's head
Try to stop ourselves from being high
In the morning, in the day
In the evening, there's one thing you gotta say
Stay, stay with the music
Keep listening to the sound
Try moving like the dancers
Try staying off the ground

Satisfaction fading
Friends they're looking thin
Newer places hard to find
You gotta start all over again
In the morning, in the day
In the evening, there's one thing you gotta say
Stay, stay with the music
Keep listening to the sound
Try moving like the dancers
Try staying off the ground
