

# Man, You Don't Like Us

I've got a funny kind of feeling  
That you don't like us no more  
Ain't seen you 'round in a long time  
Didn't leave your name on the door

If you want some rock and roll  
You'd better shake off your pride, let your heart rule your soul  
Crying shame when it gets in your way  
You don't like us, you don't like us no more

I'm standing up on a mountain  
I'm looking over the sea  
I took some songs to them  
And someone stole things from me

It's a shame when you pay your way  
And the people don't understand what you say  
I had no money and I had no guitar  
You don't like us, you don't like us no more

You don't like us  
You don't like us

I've got a funny kind of feeling  
That you don't like us no more  
Ain't seen you 'round in a long time  
Didn't leave your name on the door

If you want some rock and roll  
You'd better shake off your pride, let your heart rule your soul  
Crying shame when it gets in your way  
You don't like us, you don't like us no more

You don't like us  
You don't like us  
You don't like us  
You don't like us, like us no more  
You don't like us  
You don't like us  
You don't like us  
You don't like us, like us no more
