

# Mandee, Song 2 Fall In Love 2 (ft. Maria Mathea)

I never needed somebody  
just to make me feel hope  
no like the ...  
don't need somebody  
somebody just to tell me I'm wrong

used to be the carless one  
everything was just for fun  
couldn't take summer love to lift me up  
from breaking my hearer  
used to be the one who never care much for love  
but not this time  
I leaving from this trauma behind

looking for love  
for someone to fall in love too  
looking for love  
for someone to fall in love too  
I,I,I  
for someone to fall in love too  
I,I,I  
for someone to fall in love too  
I,I,I

they say, together we strong  
but who can blame me for feeling I'm fine on my own  
used to be the one who never care much for love  
but not this time  
I leaving from this trauma behind

looking for love  
for someone to fall in love too  
looking for love  
for someone to fall in love too  
I,I,I  
for someone to fall in love too  
I,I,I  
for someone to fall in love too  
I,I,I
