Mandy Barnett, Mistakes

We make mistakes when we worry
All over nothing at all
We make mistakes that bring heartaches
And the teardrops fall like raindrops

We make mistakes and feel sorry
When we've made someone blue
But I made the greatest mistake of all
When I said goodbye to you

We make mistakes when we worry
All over nothing at all
We make mistakes that bring heartaches
And the teardrops fall like raindrops

We make mistakes and feel sorry
When we've made someone blue
But I made the greatest mistake of all
When I said goodbye to you
