

# Mandy Moore, From Loving You

(I had you, I had everything I ever needed)

From that first look I knew  
I found heaven in your eyes  
But who was to know, the way it would go  
I have no regrets  
Glad I let you in  
Wouldn't have missed one single moment  
I would do it all over again

'Cause I was loved  
I was touched  
And I learned what love is, and I learned what love is  
I was blessed  
So blessed  
'Cause I learned what love is, I learned what love is  
From loving you

(I held you, I held everything I ever dreamed of)

With that first kiss from you  
All this world seemed all so right  
But who was to see the way it would be  
I'll never forget  
All the heaven we shared  
And I'll thank God for every moment  
Every moment that I had you there

I was loved  
I was touched  
And I learned what love is, and I learned what love is  
I was blessed  
So blessed  
'Cause I learned what love is, I learned what love is  
From loving you

(Some people search their whole lives  
Never find what I found in your eyes)  
Glad I got to get the chance to  
Have you in my life  
I won't be sad when I look back  
'Cause I was... I was...

I was loved  
I was touched  
And I learned what love is, and I learned what love is  
I was blessed  
So blessed  
'Cause I learned what love is, I learned what love is  
From loving you
