

Mandy Moore, Singing To The Song Of Life

There's a rhythm of this world
In every nation
A never-ending song
Of celebration
A song that dances on the wind
Sieving through the trees
It's opened up my world and sky
And made them new for me

[Chorus]
Singing to the song of life
Movin' to the heartbeat
Sing it to the sun and sky
I'm flyin'
Singing to the song of life
Living every moment
Sing it to the day and night
I'm trying hard to believe, its not just a dream
Singing the song, living the song of life

Sailing on the summer night flying high
Dancing to the beating of our hearts in paradise
I hear the song of the moon and stars
I hear the children sing
It's a celebration of every heart
Of every living thing

[Chorus]
Singing to the song of life
Movin' to the heart beat
Sing it to the sun and sky
I'm flyin'
Singing to the song of life
Livin' every moment
Sing it to the day and night
I'm flyin'
Singing to the song of life
Movin' to the heartbeat
Sing it to the sun and sky
I'm flyin'
Singing to the song of life
Livin' every moment
Sing it to the day and night
I'm tryin' hard to believe, its not just a dream
Singing the song, living the song of life

[Bridge]
I hear the song of the moon and stars
I hear the children sing
It's a celebration of every heart
Of every living thing

[Chorus]
Singing it to the song of life
Movin' to the heartbeat, the heart beat
Sing it to the sun and sky
oh oh oh I'm flying
Singing to the song of life
oh oh livin' every moment
Sing it to the day and night
oh whoa
Singing to the song of life
yeah
Sing it to the sun and sky

oh oh oh I'm flyin'
Singing to the song of life
oh oh sing it to the sun and sky
Sing it to the day and night
I'm trying hard to believe, its not just a dream
Singing the song, livin' the song of life
