chorus*2

Im a part of force ofcourse
My lyrics runnin' like a race horce
Strong and fast dont try to pass
With the speed im using
Telling fresh rhymes is what im movin
To be raw
Like u never saw
Music up to par
And i wont stop until i make u rock
So understand that i cane make u dance..

(chorus)

They call me bg so listen to my story
Im not a playboy,but gurls adore me
Romeo is dead,bg is live
I keep on rockin' till i say "bye bye"
I didnt come to teach
But u listned and learned
Your hear,your ear,ur body just yearned
For more of the muse score,and the rap
Allow me to make crack
And i wont stop until i make u rock
So understand that i can make u dance!!

(chorus)

Im a terminator,innovater,battle me eleminator
Make u hot,make u sweat,make u emcess' feel upset
Take control of ur soul,make ur body wanna role
Do the hype of the type
Never bite only excite to the highest height
And i wont stop until i make u rock
So understand that i can make u dance

(chorus)
