

Maneskin, Don't Wanna Sleep

Dance dance dance dance dance until I die
Medicate myself 'till my head is in the sky
Ahhh ahhh
When I close my eyes I get too lonely
Don't want a sleep at all
Dance dance dance dance dance until I die
Wearing Lucy's diamonds to get a little shine
Ahhh ahhh
When I close my eyes I get too lonely
Don't want a sleep at all
So-so-somebody
Come ta-ta-take on my body
This is the shittiest party
I've ever seen in my life
No no nono I'm not leaving
Gonna get my feet on the ceiling
Gonna drink away all my feelings
And no it's not gonna heal me
But I'll
Dance dance dance dance dance until I die
Wearing Lucy's diamonds to get a little shine
Ahhh ahhh
When I close my eyes I get too lonely
Don't want a sleep at all
Don't want a sleep at all
So-so-somebody
Come ta-ta-take on my body
Into another dimension
I-I'm so bored of my life
I'm a lion tamer
Of indecent behavior
Making love with danger
Is not gonna heal me but
At least I like it
And I don't wanna change it
I know it's bad, don't get me wrong
There's something in these strangers
Momentary flavors
I don't wanna sleep at all
No I don't wanna sleep at all
Don't wanna sleep at all
No I don't wanna sleep at all
Dance dance dance dance dance until I die
Medicate myself 'till my head is in the sky
Ahhh ahhh
When I close my eyes I get too lonely
Don't want a sleep at all
Dance dance dance dance, dance until I die
Medicate myself 'til my head is in the sky
Oh oh when I close my eyes I get too lonely
Dont wanna sleep at all
