

# Maneskin, OFF MY FACE

I'm in love with the drugs, but they don't love me back  
I'm in love with the pain, but you make it hurt so bad  
You're the monster in my head tryna tell me how to act  
You're a freak, set me free, give myself a heart attack  
I got ache in my bones when my body's close to you  
I hate sleepin' alone and I know you hate it too  
You're the monster in my head tryna tell me how to act  
You're a freak, set me free, give myself a heart attack

I'm off my face  
Locked inside your prison  
Yeah, I'm off my face  
Your love is my addiction  
And I like the taste  
Yeah, I just can't resist it  
But you're never gonna see me  
Yeah, you're never gonna see me again

You are the thing that I crave when it's hard to sleep at night  
I'll do anything for you, so just tell me what you like  
You're the monster in my head tryna tell me how to act  
And this love is gonna kill me, I will have a heart attack

I'm off my face  
Locked inside your prison  
Yeah, I'm off my face  
Your love is my addiction  
And I like the taste  
Yeah, I just can't resist it  
But you're never gonna see me  
Yeah, you're never gonna see me again

'Cause I do what I wanna do, what I wanna do, what I wanna do, uh  
No rules when it comes to you, when it comes to you, when it comes to you  
Play my heart like a bass drum, break my neck like a killer  
And then, in fact, you're never gonna see me again

I'm off my face  
Locked inside your prison  
Yeah, I'm off my face  
Your love is my addiction  
And I like the taste  
Yeah, I just can't resist it  
But you're never gonna see me  
Yeah, you're never gonna see me again
