

# Manfred Mann, Demolition Man

Tied to the tracks  
And the trains just coming  
Strapped to the wing  
With the engine running  
You say that this wasn't in your plan  
Don't mess around with the Demolition Man

## CHORUS

I am a walking nightmare  
An arsenal of doom  
I kill conversation as I walk to the room  
I'm a three line whip  
I'm the sort of thing they ban  
I'm a walking disaster boy.

Tied to a chair  
And the bomb is ticking  
This situation was not of your picking  
You say that this wasn't in your plan  
Don't mess around with the demolition man

## CHORUS
