## Manfred Mann's Earth Band, The Runner

Through the night, through the dawn Behind you another runner is born Don't look back You've been there See the mist as your breath hits the air

And it's underneath the moonlight, passing some Still your heart beats in the moonlight, like a drum

Through the night, through the dawn Behind you another runner is born Don't look back You've been there Feel the mist as your breath hits the air

And it's underneath the moonlight, passing some Still your heart beats in the moonlight, like a drum

And you will run your time
A shooting star across the sky
And you will surely cross the line
To pass on the flame

Sun come up, sun go down Hear the feet, see the sweat on the ground

Watch your step Keep your cool Though you can't see what's in front of you

And it's underneath the moonlight, passing some Still your heart beats in the moonlight, like a drum

And you will run your time
A shooting star across the sky
And you will surely cross the line
Just to pass on the flame
Pass on the flame

Through the night, through the dawn Behind you, another runner is born Don't look back You've been there See the mist as your breath hits the air

And it's underneath the Moonlight passing some Still your heart beats in the moonlight like a drum

And you will run your time A shooting star across the sky And you will surely cross the line

(And you will run your time)
And it's underneath the moonlight, passing some
(A shooting star across the sky)
Still your heart beats in the moonlight, like a drum
(And you will surely cross the line)

And you will run your time (To pass on the flame)
A shooting star across the sky (To pass on the flame)
And you will surely cross the line

(And you will run your time)
And it's underneath the moonlight, passing some
(A shooting star across the sky)
Still your heart beats in the moonlight, like a drum
(And you will surely cross the line)

And you will run your time A shooting star across the sky And you will surely cross the line
