Waiting for the monsoon, for the monsoon, the monsoon

Waiting for the monsoon, for the monsoon, the monsoon

Waiting for the monsoon, for the monsoon, the monsoon

Crisis in the night

No lighting in the ballroom

Voices come and go

Talking Michaelangelo

Down in the forest

The insect Kingdom gathers

Pictures getting restless

Trouble in the night

Waiting for the monsoon

No lightning in the ballroom

Waiting for the monsoon

No lightning in the ballroom

(1) Oh, Mother - couldn't find a candle

(1) Man, this station's just too hot to (handle)

Waiting for the monsoon

No lightning in the ballroom

Waiting for the monsoon

No lightning in the ballroom

(2) Blood flecked voices

(2) Distortion and gain

(2) Static interference, short wave rain

(2) And there's hot repetition of signals chime

(2) But the feeble reception couldn't get the meantime

Waiting for the monsoon

No lightning in the ballroom

Crisis in the night

No lighting in the ballroom

Voices come and go

Talking Michaelangelo

Down in the forest

The insect Kingdom gathers

Pictures getting restless

Trouble in the night

Waiting for the monsoon

No lightning in the ballroom
