

Manfred Mann, Sometimes

Sometimes I wonder where I'm at
Sometimes I wonder where I'm at
My head's up in the clouds
And yet my feet walk the same old track

Sometimes I think I see my way
Sometimes I see the light of day
But just as I get close enough to touch
It vanishes away

Sometimes I think I'm gonna die
Sometimes I think I'm gonna die
And never know the answers to the questions
That I searched for all my life
