

Manfred Mann, Time

I was crazy and I was blind
Had to see so clearly what was on your mind
But I ain't got time now to play the fool
I ain't got time, time to waste on you

You've had me running all round your feet
And all this time I thought you're so sweet
But I ain't got time now to play the fool
I ain't got time, time to waste on you

I've been sleeping for too long
But I just woke up to what is wrong
And I ain't got time now to play the fool
I ain't got time, time to waste on you
