

Mango, Love Is Just A Melody

When i turn out the light
in the blue of night
and the moon is sitting tight
How my heart slips a beat
and it feels so sweet
and a tune and tapping feet

Love is just a melody
oh i can throw away the key

When i turn out the light
in the blue of night
and the moon is sitting tight

Love is just a melody
oh i can throw away the key
love is just a melody
oh i can throw away the key
