

Manic Street Preachers, Forever Delayed

Screaming through the galaxy
Trapped in this eternity
Stranded helpless, endlessly
Alone, the lost vigilantes

Forever ever delayed
Forever ever delayed

From the city to the sea
Will you all come follow me
To a place where we are free
Not tied to guilt or tied to greed

Forever ever delayed
Forever ever delayed
Forever ever betrayed
Forever delayed

Forever ever delayed
Forever ever delayed
Forever ever betrayed
Forever delayed
