

# Manic Street Preachers, Forever Delayed

Screaming through the galaxy  
Trapped in this eternity  
Stranded helpless, endlessly  
Alone, the lost vigilantes

Forever ever delayed  
Forever ever delayed

From the city to the sea  
Will you all come follow me  
To a place where we are free  
Not tied to guilt or tied to greed

Forever ever delayed  
Forever ever delayed  
Forever ever betrayed  
Forever delayed

Forever ever delayed  
Forever ever delayed  
Forever ever betrayed  
Forever delayed
