

Manic Street Preachers, Unstoppable Salvation

There is unstoppable salvation in this sound
There is unstoppable salvation all around
It is unstoppable
It's making me feel found
There is unstoppable salvation in this sound

Carries us forever
Carries us together, together, together

There is unstoppable salvation in these words
There is unstoppable salvation to be heard
It is unstoppable
It echoes through the years
There is unstoppable salvation in these words

Carries us together
Carries us forever, forever, forever
Forever
Forever
