

Mansun, Mansun's Only Live Song

If I start this small debate
The centre of the universe is gone for sale
If my melody should fall
The tune is unimportant as I said before
Or did I say it was the words, I should

Standing in grey lantern light
Mavis looking sexy through her dress it shines
Hiding in the vestry she recites her lines

I can't see you, I love you, I miss you
I can't see you, I love you, I do

If I feel God watching me
I control the actions of his destiny
So my sentiments ring true
Feel him in the mirror laughing back at you
Or did I tell you how it seems, I should

If I start this small debate
The centre of the universe is gone for sale
And so my melody did fall
The tune was unimportant as I said before
Or did I saw it was the words, I should
