

Mansun, She Makes My Nose Bleed

She makes me bleed, oh yeah
She makes me cry
She makes me sneeze, oh yeah
She makes me sigh

(Bridge)

So bring her on down
Bring her on down from heaven
Bring her on down
Bring her on down from heaven
My only number must be must be

(Chorus)

Bring her on down by the souls of her feet
Slappin' around and making her bleed
I vowed to my god I'd give it all up
If he would bring her on down from heaven

She makes me bleed, oh yeah
Don't know her name
She makes me freeze, oh yeah
She's in my face

(Bridge)+(Chorus)

Bring her on down by the souls of her feet
Slappin' around and making her bleed
I vowed to my god I'd give it all up
Don't know her name, don't know what she's done

(Chorus)
