## Mansun, She Makes My Nose Bleed

She makes me bleed, oh yeah She makes me cry She makes me sneeze, oh yeah She makes me sigh

(Bridge)

So bring her on down
Bring her on down from heaven
Bring her on down
Bring her on down from heaven
My only number must be must be

(Chorus)

Bring her on down by the souls of her feet Slappin' around and making her bleed I vowed to my god I'd give it all up If he would bring her on down from heaven

She makes me bleed, oh yeah Don't know her name She makes me freeze, oh yeah She's in my face

(Bridge)+(Chorus)

Bringe her on down by the souls of her feet Slappin' around and making her bleed I vowed to my god I'd give it all up Don't know her name, don't know what she's done

(Chorus)
