

Marc Almond, Dancing In A Golden Cage

I'm dancing in a golden cage
In the palace of a thousand joys
I'm standing on the street of love
In the city of a million dreams
Each sensation is a drug
Like a tiger running through my mind
Don't leave me blind
Take me higher, and...

Kiss me with fire
Kiss me with fire
I'm like a moth
Drawn to the flame
Of desire...

Give me hedonism
Give me hedonism

I'm swinging on a silver swing
And I feel I'm gonna reach the sky
I'm flying on an angel's wing
I'm sure in time I'm gonna hear them sing
I'm bathing in a candle light
Touching in the temple of the night
A reflection in a golden eye
Take me higher...

Kiss me with fire
Kiss me with fire
I'm like a moth
Drawn to the flame
Of desire...

You cannot touch
You cannot reach
You cannot hold
You cannot see
You cannot love
You cannot kiss
You cannot have
You cannot be
All that you want to be
Without the golden key, so...

Kiss me with fire
Kiss me with fire
I'm like a moth
Drawn to the flame
Of desire...

Kiss me with fire (Kiss me with fire) (x4)
Fire

Kiss me with fire
Kiss me with fire
I'm like a moth
Drawn to the flame
Of desire...

Don't give me up (x4)

In your mind there's a flame burning
I am that fire
I am that fire

Kiss me with fire (x4)

I'm dancing in a golden cage
I'm swinging on a silver swing
I wanna hear those angels sing
Hear those angels sing

So come on, give me
Give me your fire
Give me your fire
'Cause I'm, 'cause I'm like a moth
Drawn to the flame of desire

Give me hedonism
(Repeat and fade)
