

Marc Almond, Where Did Our Love Go?

Baby, baby
Where did our love go
Ah, don't you leave me
Don't you leave me no more

I've got this burning, yearning, yearning
Feeling inside me
Ooh, deep inside me
And it hurts so bad

You came into my life
So tenderly
With a burning love
That stings like a bee

And now that I'm surrounded
So helplessly
You know I believe
You wanna leave me

Baby, baby
Where did our love go
Oh, don't you leave me
Don't you leave me no more
Oh, baby, baby
Where did our love go
Oh, don't you leave me
Don't you leave me no more

You came into my life
So tenderly
With a burning love
That stings like a bee

And now that I'm surrounded
So helplessly
You know I believe
That you wanna leave me

Oh, baby, baby
Where did our love go
Oh, baby, baby
Don't you leave me know more

I've got this burning, burning, yearning
Feeling inside me
Ooh, deep inside me
And it hurts so bad

Baby, baby, baby
Where did our love go
Don't you leave me
Don't you leave me no more

And now that I'm surrounded
So helplessly
You know I believe
You wanna leave me

Oh, baby, baby
Where did our love go
Where did our love go
Where, where, where

Now that I'm surrounded
Oh, so helplessly
You know I believe
That you wanna leave me

Baby
Where did our love go
Where did our love go
Where, where, where

Baby, baby
Where did our love go
Oh, don't you leave me
Don't you wanna leave me

I've got this burning, burning, yearning
Feeling inside me
Ooh, deep inside me
And it hurts so bad

Baby, baby
