

# Marc Bolan, Calling All Destroyers

Walking wild at midnight  
Breathing like a panther  
Holding hands with my love  
Dancing like a master  
Calling all destroyers  
Calling all destroyers yeah

Shadow beach Burgandy  
Get you high as lightning  
Driving in your Porsche coupe  
Don't marry Fanny Frightning

Mixing with the moon maids  
Melting down her rainbow  
King Kong, bang a gong  
All around your boudoir
