

Marc Bolan, Foxy Boy

Girl won't you move close to me
Take me in your arms and groove me
Girl don't you ever miss a date
With your Foxy Boy
Girl won't you move close to me
Take me in your arms and groove me
Girl don't you ever miss a date
With your Foxy Boy

The nights are long
And my love grows strong
As I work all day
I dream a song

With words of love
You captured my soul
As we reached to hold
My heart you stole

Girl won't you move close to me
Take me in your arms and groove me
Girl don't you ever miss a date
With your Foxy Boy

Girl won't you move close to me
Take me in your arms and groove me
Girl don't you ever miss a date
With your Foxy Boy

With each dawn men are history born
A summer romance, a winter storm
My disco love that was destined to be
You kissed me hard, my soulless sea

Girl won't you move close to me
Take me in your arms and groove me
Girl don't you ever miss a date
With your Foxy Boy

Girl won't you move close to me
Take me in your arms and groove me
Girl don't you ever miss a date
With your Foxy Boy
