

Marc Bolan, Ride My Wheels

Oh baby won't you ride them

I'm just a boy, be my toy
Ride my wheels
I'm just a boy, be my toy
Ride my wheels

I've got some punk
To lay on you
Just be real girl
I never asked you to be true

Slim is the wind
And my head is slight
But lady I want to
Oil your engines all night

Drive me baby
I give service
