

Marc Bolan, Tell Me Now

Tell me baby, tell me now
Baby whisper in my ear
Words of winter sun
Baby tell me all you gear
Tell me what you've done

Oh, tell me now (tell me baby)
Tell me now (tell me now)
Tell me now (tell me baby)
Tell me now (tell me now)

Baby please remember me
When you fly the skies, ooh darlin'
Riches now consume your soul
I see it in your eyes

Oh, tell me now (tell me baby)
Tell me now (tell me now)
Tell me now (tell me baby)
Tell me now (tell me now)
Oooh darlin, yeah, yeah...

You gotta tell me now (tell me baby)
Tell me now (tell me now)
Tell me now (tell me baby)
Tell me now (tell me now)

We're so happy with these fears
Help me ease the pain. Oh, darlin'
Try to break these chains that hold
His face inside my brain

Oh, tell me now (tell me baby)
Tell me now (tell me now)
Tell me now (tell me baby)
Tell me now (tell me now)

Help me now, help me baby
Help me now, help me now
Oooh, oooh, yeah oooh, yeah

I-ay need some help now baby
I-ay, need some help now baby

repeat till fade...
