

# Marcin Czyżewski, Some Part Of Me

1.

I don't wanna live thinking you're not gonna call me back  
I don't wanna feel what I can see around  
Nobody's here. No one can find it  
'Cause when you left you took one part of me

2.

Waiting for the day I can see the summer  
Even falling rain won't wipe your scent away  
Do U believe that feeling is over  
Don't you need one part of me

Ref:

Time after time over and over  
Can't take my eyes off of U/Can't take my mind off of U  
All of my life I've never been stronger  
Since U've become like the one part of me  
Since U've become like one part of me

Bridge:

Why can't we look for this together  
Love is only reason to be
