

Marco, Ready To Go

No need to carry on
I don't want to sing alone
Give me a reason to stay
I'm ready to go
No need to carry on
I don't want to sing alone
Give me a reason to stay
I'm ready to go

I think you look so sexy tonight
Stop by, just make love tonight
I stay calm, I wonder why
Only it's another word
It's just another day
Please God, hear me pray
I know it's only way to end this game
I talk to God
Why should I not to go away
You want to stay
Stay to five
She want to win
We start to fuck

No need to carry on
I don't want to sing alone
Give me a reason to stay
I'm ready to go
No need to carry on
I don't want to sing alone
Give me a reason to stay
I'm ready to go
