

Marcus & Martinus, Dance With You

Lately, you got me going crazy
You make me wanna shake it
Maybe, we can be more than strangers
I wanna know you baby

I wish that we're together
Good, good times we did whatever
Now you feel so far away
Rainy you feel so far away
You and me like salt and pepper
If I ever see you again

I say, I, I don't wanna lie, lie, lei
I'm way too shy, shy, shy
Been looking at you all night long
No, I don't wanna lie, lie, lie
I'm way too shy, shy, shy

I just wanna dance with you
/2x

Higher, I wanna take you higher
Girl, you know you're on fire
Drop it, I like the way you drop it
Pick it up like you lost it

I wish that we're together
Good, good times we did whatever
Now you feel so far away
Rainy you feel so far away
You and me like salt and pepper
If I ever see you again

I say, I, I don't wanna lie, lie, lei
I'm way too shy, shy, shy
Been looking at you all night long
No, I don't wanna lie, lie, lie
I'm way too shy, shy, shy

I just wanna dance with you
/2x

You know it's on tonight
Do it like you mean it
Baby, don't be shy
Scream, it if you feel it
It's on tonight
Do it like you mean it
Baby, don't be shy
